The Least You Should Know about Vocabulary Building: Word Roots

The short story "The Law of Life" by Jack London is a study on the human psyche, as one faces the familiar cycle of life and death. Old Koskoosh, who is the father of his Native American tribe's chief, is dying. As his people leave him and he lays on the ground in his final hours to wait for his end, he looks back on his life. Memorable events fill his thoughts until the very end - even until the wolves arrive. The short story is one of London's stories inspired by the period the writer spent at the Klondike Gold Rush in the late 19th century and was published in the early 20th century. Jack London (1876-1916) was an American writer and social activist. He grew up in the working class, but became a worldwide celebrity and one of the highest paid authors of his time. He wrote several novels, which are considered classics today, among these 'Call of the Wild', 'Sea Wolf' and 'White Fang'.

Olympe de Gouges was the most important fighter for women's rights you've never heard of. An activist and writer in revolutionary Paris, she published 'The Declaration of the Rights of Women' in 1791, and was beheaded two years later, her articulate demands for equality proving too much for their time. Over one hundred and fifty years later, the key statements of her declaration were internationally endorsed by the United Nations in its Declaration on the Elimination of Discrimination Against Women, which in turn went on to be legally recognized by nearly every country in the world. This volume presents both of these key texts along with enlightening and inspiring commentary from a host of powerful women, from Virginia Woolf to Hillary Clinton.
